## The Ceunant's 50<sup>th</sup>

For those of you who don't already know, the Ceunant will celebrate its 50<sup>th</sup> birthday next year, no mean achievement in these days of rapidly changing interests & fashions. To celebrate this occasion, we are planning a series of events throughout the year (2006). Hopefully there will be something to interest everyone

Some dates have yet to be finalised but in addition to our usual program of meets, the following are planned to take place:

- |                            |                                                                                                                         |
|----------------------------|-------------------------------------------------------------------------------------------------------------------------|
| June 24 <sup>th</sup> 2006 | An ascent of Snowdon by as many routes as we can think of, followed by a 50 <sup>th</sup> Anniversary Party at Tyn-Lon. |
| Spring 2006                | Weekend "Wild Camping" at Llyn-Bochlwyd, the Gyders – Climbing, walking, etc.                                           |
| Summer 2006                | European outdoor meet. - Venue to be confirmed                                                                          |

Also: Given the significance of this occasion and the clubs stated aim to encourage mountaineering in all its forms, the committee propose to make a modest sum available (circa £500) to support a mountaineering venture from within the club that deserves some support.

This offer is purposefully vague as we would expect members wishing to take advantage to supply some form of written or other presentation to the committee detailing the; who, what, where, and specify what our support would be used for? The secretary must receive any applications before December 31<sup>st</sup> 2005 and the committee's decision will be final. So this one is over to you ?

PS. Given our current age profile SAGA holidays don't count !

## Meet Reports

Over the summer months members seem to be off doing their own thing and this may have led to a disappointing turnout for the Lake District meet (only 2 members turning up).

In terms of the wider tick list, we've seen members trekking in the Atlas Mountains of Morocco. Mark Hellewell & Sue Traynor spending the summer climbing in the Italian Dolomites, and later this month Mick Carr & Phill Robbins crossing the Atlantic to attempt the nose of El-Cap. Of course if I've missed out someone's first ascent of the last great problem on the dark side of the moon, let me know.

## A Welcome to the Following New Members

A warm welcome to the following new members; Jonathan Ray, initially a passing visitor from New Zealand, now looking pretty well established here in the UK & Nicky Ward-Turner. Nicky is already contributing to the clubs committee as an ordinary member.

## Short News Items

Anyone who has used Tyn-Lon recently will be aware that we currently have to use a combination lock on the front door. This is whilst the old lock is being repaired, therefore don't throw away your key. If you need the combination, contact Val Beddard.

John Cole is preparing a Club Magazine for 2006. He needs input! If any one has any articles from the earlier days of the Ceunant, they may be useful, & of course anything else that may be of interest.

Like the Ceunant Trevor Stevens has reached the significant age of 50. Apparently there's a bit of a do at Tyn-Lon on Saturday 29th October.

A big thanks to Mark Eddy, Joe Brennan & Steve Coughlan for their literary contributions to the Tyn-Lon log! We can't wait for more.
